

2.1 Please try to configure Internet Explorer browser and Chrome Browser. We will do the same in the

session as well. But before that try to check on the exception you're getting.

2.2 Code

```
package sample;
import org.openqa.selenium.ie.InternetExplorerDriver;
import org.openqa.selenium.WebDriver;
import org.openqa.selenium.chrome.ChromeDriver;

public class IE {

    public static void main(String[] args) {

        //Connecting with browser

        System.setProperty("webdriver.chrome.driver", "./Drivers/chromedriver.exe");

        System.setProperty("webdriver.ie.driver", "./Drivers/IEDriverServer.exe");

        WebDriver driver=new InternetExplorerDriver();
        WebDriver driver1=new ChromeDriver();

        //Maximizing the window
        driver1.manage().window().maximize();
        //Launching google.com
        driver.get("https://www.google.com/");
        driver1.get("https://www.google.com/");

    }

}
```

2.3 Explanation of the code

Launching both chrome and IE browser parallely.
